

Minutes  
Meeting of Brierwood Neighborhood Association  
May 18, 2006 at Baymeadows Community Church

The meeting was called to order at 7:10 pm by Chairman Steve Spicklemier. Officers present were Yadon and Hartell. Board members present were Barcia, Carter, Staton, Balaguer, and Henderson.

Spicklemier announced gave a brief recap of our association and its purpose for first time attendees. Spicklemier briefly described SHADCO and CPAC and introduced the representatives we send to these meetings. A letter appointing Appenfelder and Yadon as our reps to CPAC received from the mayor was read.

Kenny Mueller and Ed Schafer gave a report of the SHADCO meeting. Auto burglaries are up in pour area. Most happen to unlocked vehicles with property left in view. Lock your cars and don't leave valuables in them.

Information about the association's website was given. The website is [www.brierwoodassoc.org](http://www.brierwoodassoc.org). Alton Allen maintains this site and is know posting advertisements for Brierwood homeowners with businesses. This is a free service to residents. The website has a complete rundown of traffic calming issues, minutes of past meetings, agendas for upcoming meetings, and list of block captains.

I was noted that 8 new signs to notify residents of upcoming meetings had been purchased and were put out earlier in the week. There was a brief discussion from the floor about the necessity of signs advertising our monthly meetings.

There was a discussion of necessity and availability of flood insurance as we approach hurricane season. A suggestion was made to put info on the website. A resident, Ron Hilton, will be consulted as he was involved in the process of designating flood zones.

Spicklemier asked if there were any other volunteers from the north side of Baymeadows to serve on the board. David Ringley volunteered. We now have a full board.

Spicklemier introduced the formation four committees. Attendees were asked to consider their talents and resources and join one. The committees are 1. Community Building (block parties, social events, luminaries) 2. Outreach and Communication (newsletters, flyers, signage) 3. Neighborhood Improvement (beautification, safety issues, enhancement of entrances) and 4. Public Awareness/Advocacy (Neighborhood Watch, CPAC, SHADCO). There will be an opportunity to sign up at future meetings.

Meeting was closed at 8:10 pm. The next meeting will be held on June 15, 2006 at 7:00 pm at Baymeadows Community Church.

Respectfully submitted,

Liz Yadon, Secretary
